GENERAL INFORMATION

If any due date falls on a Saturday, Sunday, or legal holiday, substitute the next regular workday.

Who is Not Required to File a Return

DO NOT FILE a Kansas Fiduciary Return if there is:

- **no balance due** on line 23 of Form K-41; **AND**
- **no withholding tax due** for the nonresident beneficiaries (Part IV, Column E).

Both conditions must be met.

Who Must File a Return

You may not be required to file a Kansas Fiduciary Income Tax Return. See the conditions above.

Resident Estate or Trust

The fiduciary of a resident estate or trust must file a Kansas Fiduciary Income Tax Return (Form K-41) if the estate or trust had any taxable income and/or there is withholding tax due for the nonresident beneficiaries.

Nonresident Estate or Trust

The fiduciary of a nonresident estate or trust must file a Kansas Fiduciary Income Tax Return (Form K-41) if the estate or trust had taxable income or gain derived from Kansas sources.

Definitions

A resident estate is the estate of a person who was a Kansas resident at the time of death. All other estates are nonresident estates.

A resident trust is any trust which is administered by the trustee in Kansas. A trust being administered outside of Kansas shall not be considered a resident trust merely because the governing instrument or a law requires that the laws of Kansas be followed with respect to interpretation or administration of the trust. All other trusts are nonresident trusts.

Income from Kansas sources includes income or gain from:

- a. Real or tangible personal property located within Kansas;
- b. A business, profession or occupation carried on within Kansas; or,
- c. Services performed within Kansas.

For a nonresident estate or trust, income from the following is not considered to be derived from Kansas sources: annuities, interest, dividends, or gains from the sale or exchange of intangible personal property, unless part of the income from a business, trade, profession, or occupation carried on within Kansas.

When to File

You should complete your Kansas Fiduciary Income Tax Return after the federal fiduciary return is complete, and it is due no later than the 15th day of the fourth month after the close of the taxable year. For fiduciaries operating on a calendar year basis, the return is due on or before April 17. Emancipation Day (a holiday observed in the District of Columbia) falls on Monday, April 16 this year, so by law this holiday impacts tax deadlines in the same way as any federal holiday. Consequently, taxpayers have until Tuesday, April 17 to file their 2011 tax return and pay any tax due.

Where to File

Mail your Fiduciary Income Tax return to: KANSAS FIDUCIARY TAX, KANSAS DEPARTMENT OF REVENUE, PO Box 758571, TOPEKA, KS 66675-38571

Extension of Time to File

If you are unable to complete your Kansas Fiduciary Income Tax Return by the filing deadline, you may request an extension of time to file. If you filed Form 7004 with the Internal Revenue Service for an extension of time, enclose a copy of that form with your completed K-41 return. Kansas does not have a separate extension request form but will accept an approved federal Extension of Time To File form. **IMPORTANT:** An extension of time to file is **NOT** an extension to pay. If you do not pay the tax amount due (may be estimated) by the original due date, you will owe interest and may also be charged a penalty on any balance due.

Accounting Period

The accounting period for which the Kansas Fiduciary Income Tax Return (Form K-41) is filed and the method of accounting used must be the same as that used for federal tax purposes. If, for federal purposes, the taxable year for the estate or trust changes or the method of accounting is changed, the changes also apply to the Kansas Fiduciary Income Tax Return.

Payment of Tax

The balance of tax shown to be due on line 23 of your Kansas Fiduciary Income Tax Return (Form K-41) must be paid in full if it is \$5 or more. The fiduciary of an estate or trust is responsible to ensure the payment of all taxes due on the fiduciary return. Failure to pay your tax on time may subject you to assessment of penalty and interest. Make payment by check or money order to *Kansas Fiduciary Tax*.

Withholding Tax Payments

Kansas law requires the fiduciary of a resident estate or trust to submit the payment of withholding tax for its nonresident beneficiaries, if it is \$5 or more, with the filing of Form K-41. Complete Part IV, and enter the total from Column E on line 6 of Form K-41.

Estimated Tax

Estates and trusts are required to make federal estimated tax payments. However, Kansas statutes specifically exempt estates and trusts from making estimated tax payments. Estimated tax payments are **not required** for Kansas fiduciary purposes.

Fiduciary Reporting to Beneficiaries

Fiduciaries must provide each beneficiary with the amount of the fiduciary modification to be used in the preparation of the beneficiary's Kansas Individual Income Tax Return. See page 2, Part II, Column D.

In addition, fiduciaries must provide each nonresident beneficiary with the amount of the nonresident beneficiary's share of income and credits from page 3, Part IV of Form K-41, and when Kansas tax is withheld, supply Form K-18 to the nonresident beneficiary. Fiduciary modifications, beneficiaries' shares of fiduciary modifications, and beneficiaries' shares of income and credits are computed on pages 2 and 3 of Form K-41 in Parts I, II, III and IV.

Rounding to Whole Dollars

The figures on your return and schedules may be rounded to whole dollars. You may eliminate any amount less than 50 cents and increase any amount from 50 cents through 99 cents to the next higher dollar.

Copy of Federal Return

Enclose with Form K-41 a copy of your Federal Form 1041, including all schedules as filed with the Internal Revenue Service. The processing of your Kansas Fiduciary Income Tax Return may be delayed if your Federal Fiduciary Return is not included.

Confidential Information

Income tax information disclosed to KDOR (Kansas Department of Revenue), either on returns or through department investigation, is held in strict confidence by law. KDOR and the Internal Revenue Service have an agreement under which income tax information is exchanged. This is to verify the accuracy and consistency of information reported on Federal and Kansas Fiduciary Income Tax Returns.

Amended Returns

You must file an amended Kansas return when:

- 1) an error was made on your Kansas return,
- 2) there is a change on another state's return (error or adjustment), or
- 3) there is a change on your federal return (error or adjustment).

To file an amended fiduciary tax return, use Form K-41 and mark the amended return checkbox.

AMENDED FEDERAL RETURN: If you are filing an amended federal income tax return for the same taxable year as this amended return, you must enclose a complete copy of the amended federal return and full explanations of all changes made on your amended Kansas return. If your amended federal return is adjusted or disallowed, it is necessary to provide KDOR with a copy of the adjustment or denial letter.

If you have not yet filed a Kansas K-41 return but you filed your original federal return *and* the federal return has been amended or adjusted – use the information on the amended or adjusted federal return to complete your original Kansas return. A copy of both the original and amended federal returns should be enclosed with the Kansas return along with an explanation of the changes.

Pay the full amount of tax and interest due on an amended return and no late pay penalty will be assessed. Refer to KDOR's web site for annual interest rates.

SPECIFIC LINE INSTRUCTIONS

PART II

Part II is used to determine the allocation of the shares of the Kansas fiduciary modification. The Kansas fiduciary modification is divided among the beneficiaries and the fiduciary in proportion to their share of the federal distributable net income plus the amount contributed or required to be contributed from current income to charitable beneficiaries.

If there is no federal distributable net income, each beneficiary's share of the Kansas fiduciary modification shall be in proportion to each share of the estate or trust income distributed. Any balance of the Kansas fiduciary modification not allocated to the beneficiaries is allocable to the fiduciary.

When the allocation of the Kansas fiduciary modification, as provided by law, would result in an amount that is substantially

inequitable, the fiduciary may, with the permission of the Director of Taxation, use such other methods of allocation that will produce a fair and equitable result to both the fiduciary and the beneficiary. Kansas law does not permit the fiduciary to elect to pay the tax on income properly applicable to a beneficiary by including such income in its share of the modification. The estate or trust must advise each beneficiary of their share of the Kansas fiduciary modification. The amount reported in Column D is the amount which the fiduciary is required to submit to each beneficiary.

Column A - Enter on lines (a), (b), (c) and (d) the names and addresses of Kansas resident beneficiaries. Nonresident beneficiaries should be listed on lines (e), (f), (g) and (h).

Column B - Enter the Social Security numbers of the beneficiaries.

Column C - Enter the percentage of the estate or trust to be distributed to each beneficiary in accordance with the documents or laws controlling distribution of the estate or trust. The percentage allocated to charitable beneficiaries and to the fiduciary itself should be shown on the appropriate lines. Total allocation must equal 100%.

Column D - Enter on lines (a) through (i) each beneficiary's share of the Kansas fiduciary modification. Enter on line (j) the resident fiduciary's share of the modification. To determine each individual's and the fiduciary's share of the Kansas fiduciary modification, multiply the amount on line 27, Part I, by the percentage in Column C.

Note: For a resident estate or trust in which all beneficiaries are Kansas residents, the remaining portion (pages 3 & 4) of the return may be omitted. If there are nonresident beneficiaries, Part III and Part IV must be completed.

PART III

Part III is used to compute the federal taxable income of the estate or trust from Kansas sources. It is to be completed by all resident estates and trusts which have nonresident beneficiaries and by all nonresident estates and trusts with income or gain from Kansas sources. Nonresident estates or trusts should report to Kansas only that part of their federal taxable income derived from Kansas sources. The income to be reported, and the modifications to that income, are determined in this part.

Column A - Column A lists the items of income and modifications which correspond to those listed on the federal fiduciary return.

Column B - Enter the total income or deductions reported or claimed on the federal fiduciary return for each item listed in Column A.

Column C - Enter that part of each item of income reported in Column B that is derived from Kansas sources. Use direct accounting whenever possible. Intangible income will not be considered to be from Kansas sources except where it is part of a business, trade, or occupation carried on in Kansas. Any item entered in Column C should reflect the amount that remains after all modifications have been performed.

FOR EXAMPLE: State or local income taxes deducted on the federal return would not be included in Column C. State income tax refunds reported as income on the federal return would not be included in Column C. Also, any income from other estates, trusts, or partnerships should be modified, if necessary, before the item is entered in Column C.

Do not carry over any administration expenses from Column B to Column C if these expenses were claimed on both the Kansas Estate Tax Return and the Federal Form 1041.

Capital gains from Kansas sources should be entered in Column C only if the gain is distributed to the beneficiaries.

Depreciation, depletion, and federal estate tax not included on Federal Form 1041 and passed directly to the beneficiaries should be entered on the appropriate lines of Column C (e.g., line 42a).

Enter on line 42a other deductions not provided for on lines 37 through 41. These deductions should be directly allocated where possible. If it is not possible to directly relate those deductions to

income from Kansas sources, they should be apportioned by multiplying the deductions by the ratio of total Kansas income (line 36, Column C) divided by total federal income (line 36, Column B).

Net income of the estate or trust from Kansas sources, after all modifications, is to be entered on line 49, Column C.

PART IV

Part IV is used to compute the nonresident beneficiaries' shares of income and to compute the amount of tax to be withheld by the fiduciary of a resident estate or trust from the amount distributed or distributable to the nonresident beneficiaries. Fiduciaries must provide to each nonresident beneficiary the amount of the nonresident beneficiary's share of income. In addition, Kansas law requires the fiduciary of a resident estate or trust to withhold tax from a nonresident beneficiary and to pay the amount of this tax with the Form K-41.

Column A - Enter on lines (a) through (d) the names and addresses of the nonresident beneficiaries.

Column B - Enter the Social Security numbers of the nonresident beneficiaries.

Column C - Enter on lines (a) through (d) the percentage of the estate or trust to be distributed to each beneficiary in accordance with the documents or laws controlling distribution of the estate or trust. **Note:** Since neither the resident beneficiaries' nor the fiduciary's percentages are shown here, it is unlikely this column will total 100%.

Column D - Enter on lines (a) through (d) each beneficiary's portion of the total taxable income from Kansas sources by multiplying Column C by the amount on line 49, Column C, Part III.

Column E - Compute the amount of tax to be withheld from each nonresident beneficiary by multiplying each beneficiary's income in column D by 2.5%. Enter these amounts on lines (a) through (d). The tax reported in this column is to be withheld and paid by the fiduciary for the beneficiary. Enter the total amount from Column E on page 1, line 6, Form K-41. Column E need not be calculated to completion if the nonresident share has already been withheld.

If any tax is required to be withheld, complete a Form K-18 for each nonresident beneficiary. The Form K-18 and instructions are on the back page of Form K-41.
